

OECD FACTBOOK

Economic, Environmental and Social Statistics

TABLE OF CONTENTS

Population and migration

Demographic Trends

Evolution of the population 10

Ageing societies 14

International Migration

Foreign population 16

International Migration 18

Macroeconomic trends

Gross Domestic Product (GDP)

Size of GDP 22

Value added by activity 26

Economic Growth

Evolution of GDP 30

Evolution of value added by activity 32

Household saving 36

Productivity

Labour productivity 38

Multi-factor productivity 40

Commodities: production and supply

Energy supply 42

Electricity generation 44

Steel production 46

Fisheries 48

Economic globalization

Trade

Share of trade in GDP 52

Trade in goods 54

Trade in services 58

Trading partners 62

Balance of payments 66

Foreign direct investment (FDI)

FDI flows and stocks 68

FDI and employments 72

Prices

Consumer and producer prices	
Consumer price indices (CPI)	76
Producer price indices (PPI)	80
Purchasing power and competitiveness	
Long-term interest rates	82
Rates of conversion	84
International competitiveness	88

Labour market

Employment	
Employment rates by gender	94
Employment rates by age group	98
Part-time employment	102
Self-employment	104
Unemployment	
Standardised unemployment rates	108
Long-term unemployment	112

Science and technology

Research and development (R&D)	
Expenditure on R&D	116
Investment in knowledge	118
Researchers	120
Patents	122
Information and communications technology (ICT)	
Size of the ICT sector	124
Investment in ICT	126
Computer and internet access by households	128
High-technology exports	130

Environment

Air, water and land	
Emissions of carbon dioxide (CO ₂)	134
Water consumption	136
Municipal waste	138
Nutrient use in agriculture	140
Energy use	
Energy supply and economic growth	142
Energy supply per capita	144
Renewable energy	146

Education

Outcomes	
International student assessment	150
Tertiary attainment	152

Expenditure on education	
Expenditure by level of education	156
Public and private education expenditure	158
Public policies	
Government deficit and debt	
Government deficits	162
Government debt	164
Public expenditure and aid	
Social expenditure	166
Health expenditure	168
Agricultural support estimates	170
Government support for fishing	172
Official development assistance	174
Taxes	
Total tax revenue	178
Taxes on the average production worker	182
Regional Disparities	
Regional GDP	184
Regional unemployment	186
Quality of life	
Health	
Life expectancy	190
Infant mortality	194
Obesity	196
Public and private health expenditure	198
Work and leisure	
Hours worked	200
Tourism: hotel nights	202
Crime	
Prison population	204
Victimisation rate	206
Transport	
Road motor vehicles and road fatalities	208
Passenger transport by road and rail	212
Focus On:	
Energy	
In close co-operation with the International Energy Agency	
World energy supply	214
Regional energy supply	215
Regional oil production	216
Regional natural gas production	217

Regional hard coal production	218
Annual growth of renewables supply	219
World electricity generation	220
Final consumption by sector	221
Selected world energy indicators	222
Crude oil prices	223
IEA government budgets for energy R&D	224
Increase in world energy production and consumption	225
World primary energy demand outlook	226
Regional primary demand outlook	227
Global oil import dependency	228
CO ₂ emissions outlook	229
Reader's guide	230
Analytical index	233
